

## SUGGESTED DUTCH DOOR SHELF INSTALLATION

**STEP #1:** Attach the brackets to the face of the door with two wood screws. Predrill for each and screw into face, one from underside of bracket up into door and one from top of bracket down into door.

**STEP #2:** Set the shelf on top of door and attach to the brackets with two wood screws. Predrill for each and screw into underside of the shelf from underside of brackets. Be sure to size and locate screws as to not drill thru top of shelf.
