WP-3

WP-4

WP-6

WP-7

Moldings can be supplied in most commercially available lumber species.

Moldings can be applied on veneered, laminated or painted doors with the molding matching or contrasting with the face.

They can be applied to fire rated doors from 20 through 90 minute providing molding is not thicker than 3/4" and wider then 2 1/2". Arrangement of moldings may be limited by fire label and specified hardware.

Custom layouts also available upon request.
